

Part E evaluation check list

Owner:

Marked by:

Evaluate Part E document (about 250 words) and Appendix (no word count, but has a contents page)

Evidence of final product implemented/tested by client

It is expected that the new system is to be implemented and used / tested by the client before client feedback is given – evidence of interaction/approval in appendix & ROT

Client feedback be included

Client feedback is given – evidence of interaction/approval in appendix & ROT

Evaluation against the Criteria for Success discussed

Cross referenced to client's feedback in appendix – NOT JUST ticks/crosses in a table!

Recommendations for future development included

Should be realistic and feasible in relation to the actual product

Word count included
