

# Part C evaluation check list

Owner:.....

Marked by: .....

Evaluate Part C document (about 1000 words), Record of Tasks (ROT – no word count)

- Small index of techniques used  
*In order of most complex to least complex*
  
- Each technique is fully explained with screenshots of it running  
*An explanation is offered with at least one screenshot as to what you did and how it meets the client's need*
  
- Each technique is explained algorithmically (with a diagram)  
*How did you manage to solve this particular problem*
  
- Ingenuity is highlighted for every technique  
*For every technique it is explained WHY your particular solution is a 'clever' or 'creative' solution*
  
- Appropriateness is highlighted for every technique  
*It is explicitly stated WHY each technique contributes to meeting the client's needs*
  
- A collection of sources is offered (not part of the word count)  
*At least 5 to 10 sources, offered in the Harvard referencing model, are listed (possibly one or two for each technique)*

**Technique 4: Bubble sorting the students**

- Explanation of technique
- Ingenuity
- Appropriateness
- Source
